Dear [REDACTED]

I would like to express my appreciation to you and all of the people at the base for everything that was done to make my visit there both profitable and pleasant. I was impressed not only at the achievements and development of the new vehicle, but at the obvious high level of competence and efficiency in the operations of the base. It is indeed a very impressive show. Would you please extend my thanks to [REDACTED] for their assistance and briefings.

25X1A

Best of luck to all of you on your future achievements.

Sincerely yours,

[REDACTED]
